

# **dsi** computer

**stealth military safety technology**

*"like nothing you have ever seen before"*

**Q. What do DSI Computer and a military jet have in common?**

**A. Extremely accurate and completely passive stealth antenna technology.**

*Up to 10 times more sensitive than other receivers.  
No signal leakage - 100% stealth design.  
GPS enhanced false alert reduction.  
Blackspot & danger location flagging.  
Vehicle trip logging and management.  
Based on military Phased Array Radar,  
Not a Superheterodyne antenna horn.  
Optional police check tests the accuracy of  
police radar guns & also offers radar detection.*

Receive free DSI Computer upgrades from the internet via your own PC.

**DSI is not a radar detector, radar detection capabilities are an optional free upgrade, use only according to local laws and regulations.**

100% passive spectrum analyser antenna, super detection range & highly configurable
